Saint Lucia

Saint Lucia has long reigned as a top honeymoon destination, but weddings on this lush island are no less spectacular. Steamy volcano mud springs, chocolate plantations and champagne sunset sails all make the Caribbean island tops for romantic nuptials. In July 2013, new direct service on United Airlines made the already accessible island even easier to visit, and a slew of upscale resorts like **The BodyHoliday**, **Ladera** and **St. James's Club** have recently completed renovations. No wedding photo would be complete without Saint Lucia's iconic twin mountains in the background, so book a resort where the Pitons are in full view, such as the ultra-luxurious **Jade Mountain** or **Sugar Beach**, **A Viceroy Resort**
